

## Workshop 1

Conclusions

## Present situation

- Horse stock stabilized and slightly increasing
- Horse meat consumption: PL, RO, SL
- Horse regions: PL, CZ, CRO

## Tendencies

- Social acceptance: increasing
- Agrotourism: demand of helpdesk and service (economy, taxes, law,...)
- Infrastructure: for farms and regions

**No common solutions or models**

## Needs

- **Education** – Management, Social competence, Horsemanship, Marketing
- **Funding** – existential security & regional development
- **Breeding** – goals for market & organisation
- **Structures** – agricultural & commercial

## Rural structures need horses

**Horses ....**

- ....„Use“ land
- ....produce no surpluses
- ....are economical
- ....create jobs
